

CCSM OCEAN MODEL WORKING GROUP MEETING

Thursday, December 10:

- Current status of CCSM4
- Recent work on HYPOP towards the next generation of the CESM ocean component
- Other planned developments and collaborations
- Discussion: What we want in the next version of our ocean model; how we get there; when and where we start from; etc.
- CGD Holiday Party (Damon Room)

Friday, December 11: DAMON ROOM

- Fine resolution CCSM
- Decadal prediction

There are several "science talks" in between.

PLEASE STAY WITHIN YOUR ALLOCATED TIME, NOTING THAT IT ALSO INCLUDES YOUR Q&A PERIOD.

WE INTEND TO POST THE TALKS ON THE CCSM OMWG WEB SITE. IF YOU PREFER TO HAVE AN EDITED VERSION OF YOUR TALK POSTED INSTEAD OR IF YOU DO NOT WANT IT ON THE WEB AT ALL, PLEASE LET BARBARA KNOW AT bballard@ucar.edu.

JOURNAL OF CLIMATE CCSM4 SPECIAL ISSUE

- January 15, 2010: list of papers from WGs with preliminary titles and list of authors. If needed, coordinated with other WGs.
- Fall 2010: All papers submitted.
